Newsletter April 2024

This is the official ERG newsletter. It keeps its members up to date with the latest news.
It is written in English, the official language of ERG.
Feel free to translate the content to your own language and share the information.

NEW STUDY

REASSURE Study by ProReiki Berufsverband

The aim of this study was to find out whether Reiki can be safely performed during chemotherapy in breast cancer patients.

Edito Word of the President

Dear Reiki friends,

Last year I was given the great task of becoming president of the European Reiki Group ERG. I did not know exactly what was involved in being chairman of this ambitious group of Reiki practitioners.

Every country has its own style and type of organization. Have a varying number of members in their association. Teach Reiki in a slightly different way. But there is one thing that connects us all. Namely the simplicity and purity of Reiki.

And that's how we found each other and connect. My motto is sharing and sharing is multiplication. We currently have participants from 9 European countries and soon there will be more. Time will tell.

We are busy bringing Reiki to the attention of regular healthcare. That Reiki can be seen as complete support in all types of care and well-being. Starting today, I hope to find not only the world around us but especially ourselves "home" in Reiki.
